AVF Group Ltd. Hortonwood 30, Telford, Shropshire, TF1 7YE, England

Retain all packaging in case the bracket needs to be returned.

Contents may vary from photography/illustrations.

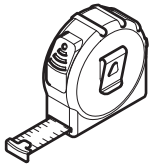

You will not need all these parts, so expect there to be some left over depending upon the specification of your TV.

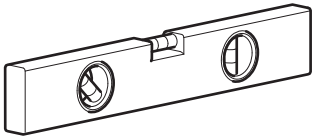

This product is intended for indoor use only. Use of this product outdoors could lead to failure and personal injury.

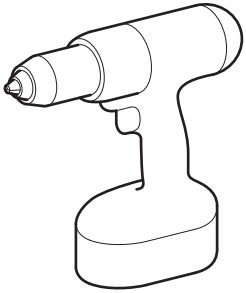

It is the responsibility of the installer to ensure that the mounting wall is of a suitable standard and void of any services (eg gas, electricity, water etc).

AVF accept no responsibility for any damage or loss caused by installing this product in a sub standard wall.

You will need

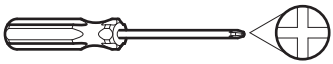

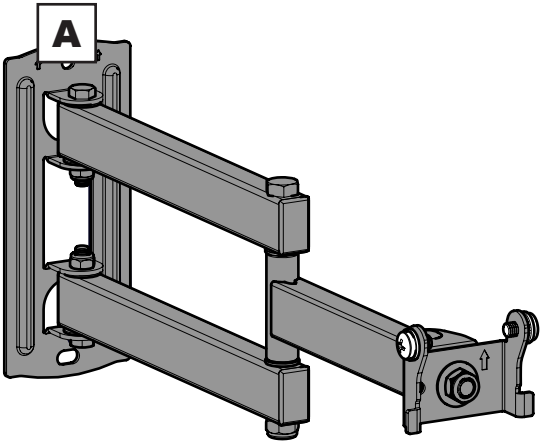

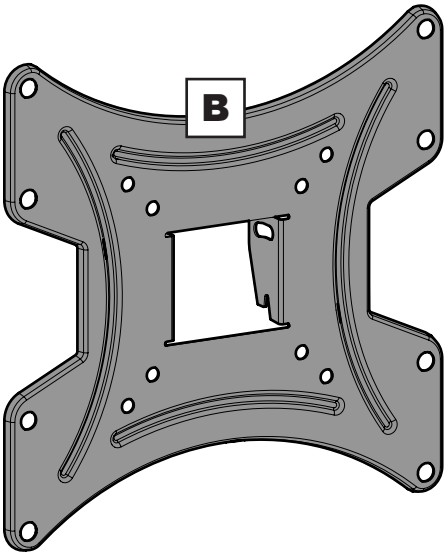

Ø3mm (1/8”) Wood

Ø8mm (5/16”) Masonry

1 Measure the TV fixing holes Width and Height

If width a is greater than 200mm or height b greater than 200mm STOP installation now and contact the customer helpline.

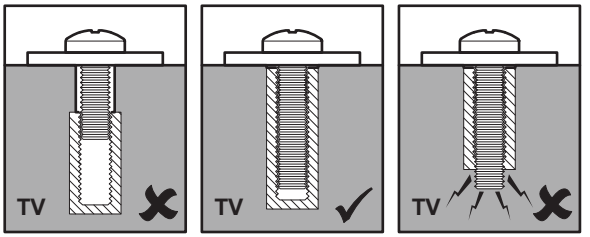

Determine which diameter TV Screws fit your TV and put them to one side.

M4, M6 or M8

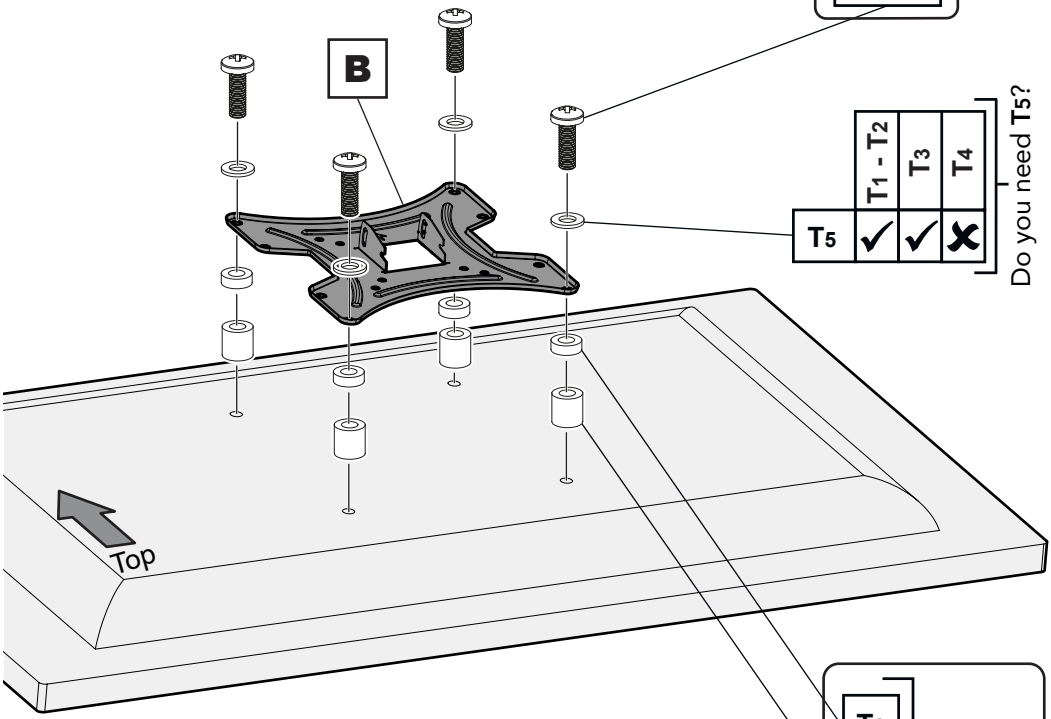

We will select the correct length later.

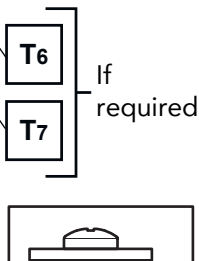

2 Fitting the TV Mounting Plate

After completing this step, you will have lots of TV screws left over. Keep them in a safe place in case you require them in future.

Select the correct length TV screw.

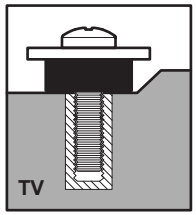

You may need to use Spacers **T6** or **T7** if the screws are too long or the back of your TV is not flat.

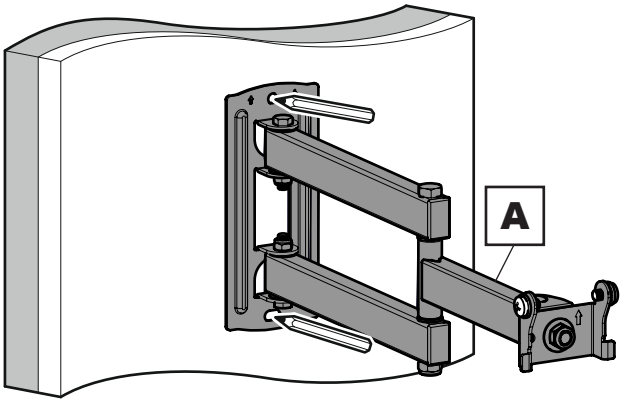

You can also use longer screws and the spacers to help avoid cabling or plug sockets on your wall.

You can use any combination and quantity of **T6** and **T7** to achieve the spacing you require.

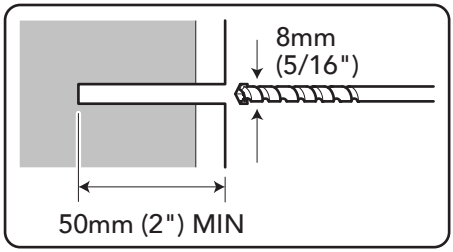

3 Fitting the Wall Bracket

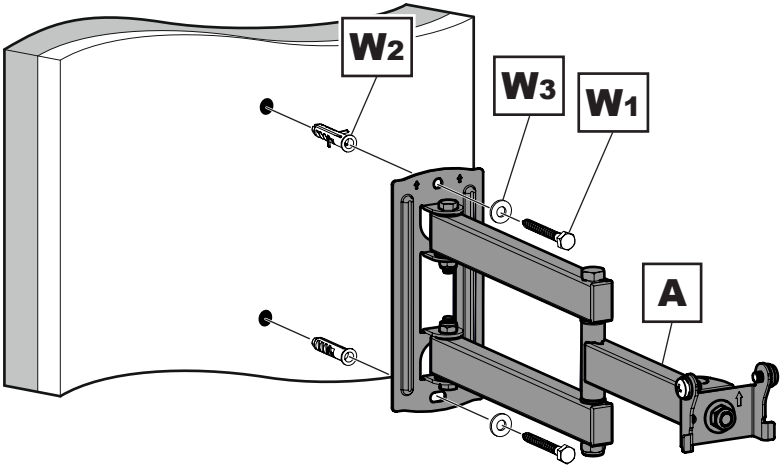

Solid Wall

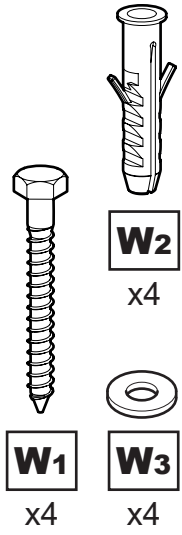

Remove Dust from Hole

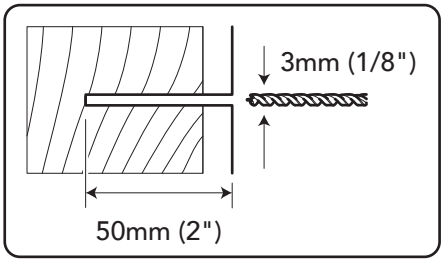

Lubricate screw thread with soap

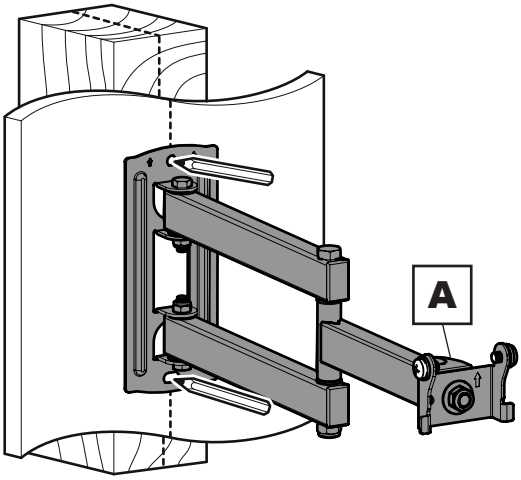

DO NOT overtighten screws.
Tighten screws by hand only.

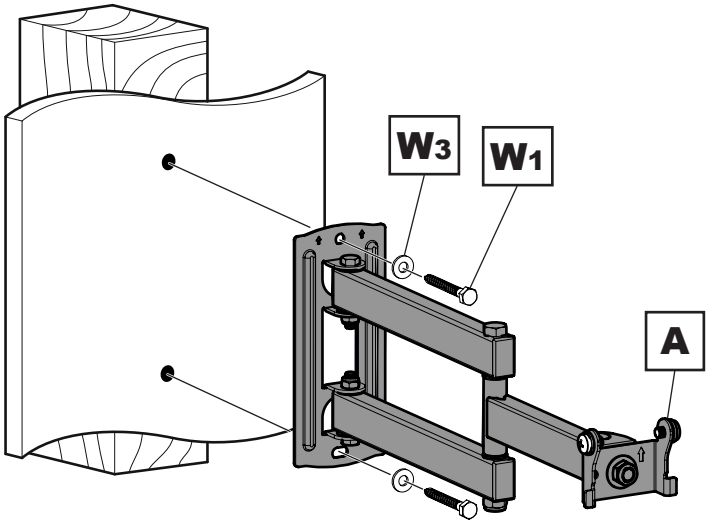

Wood Stud Wall

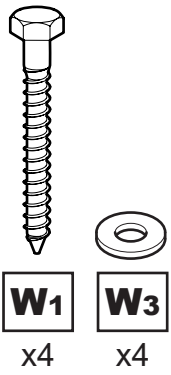

Ensure drill holes are in the centre of the wood studs.

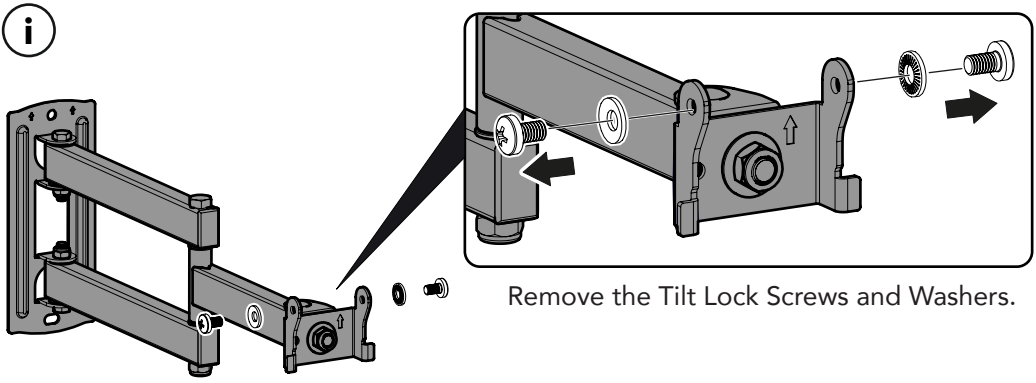

DO NOT overtighten screws.
Tighten screws by hand only.

4 Hanging the TV

i

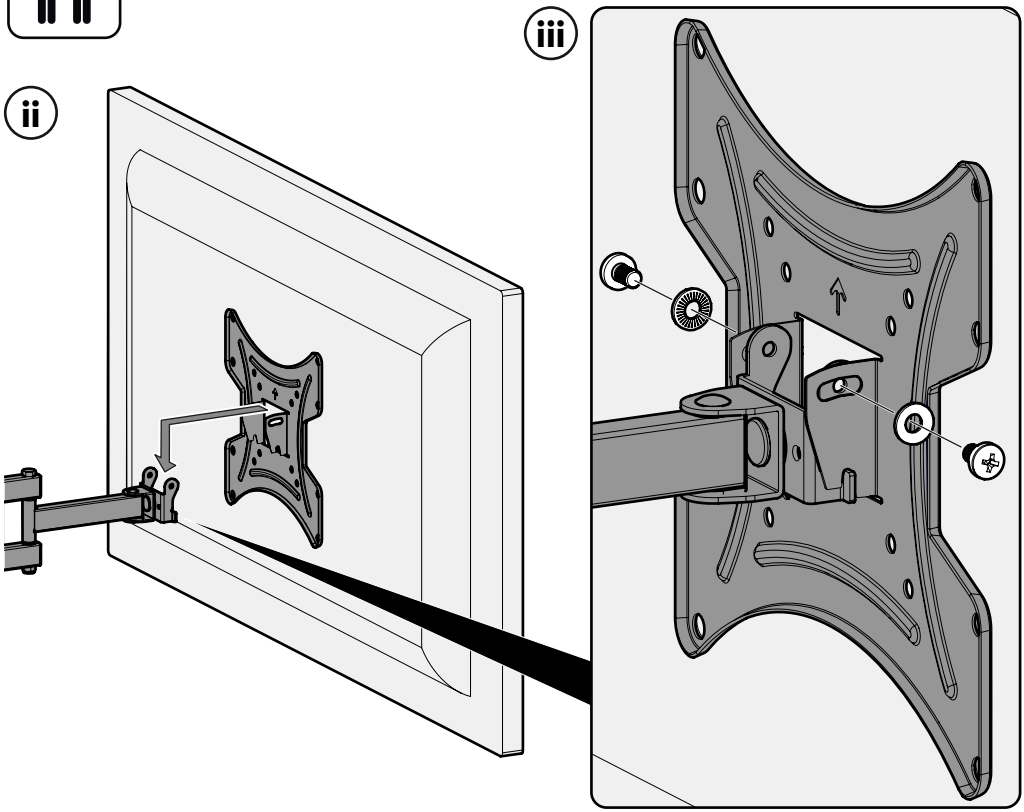

Remove the Tilt Lock Screws and Washers.

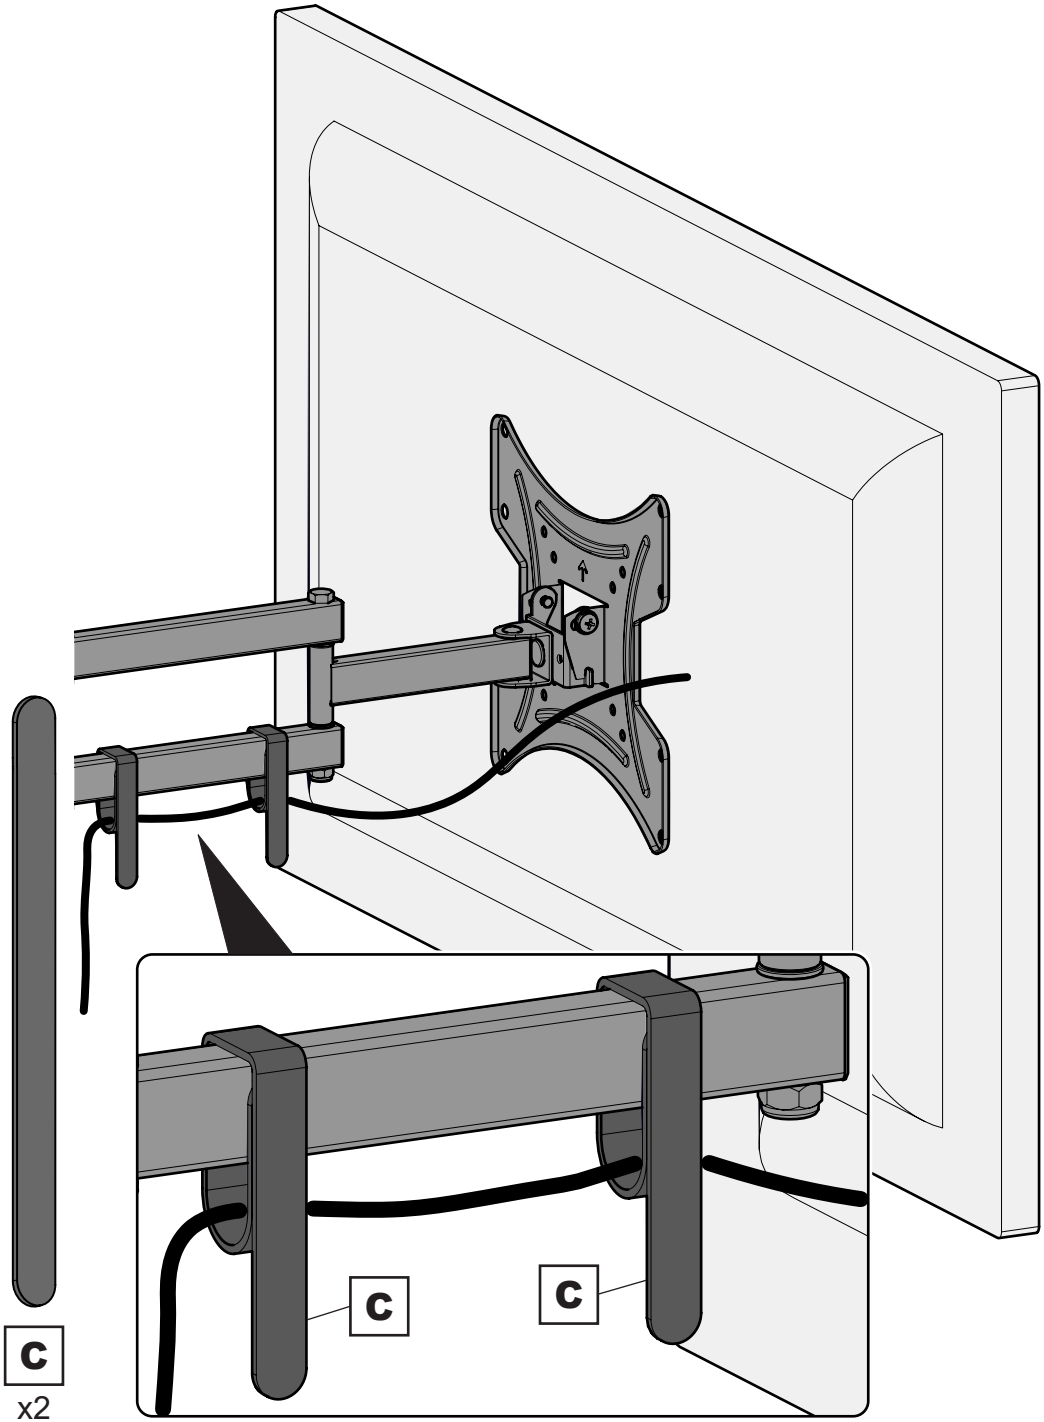

iii

ii

To remove the TV, reverse this procedure.

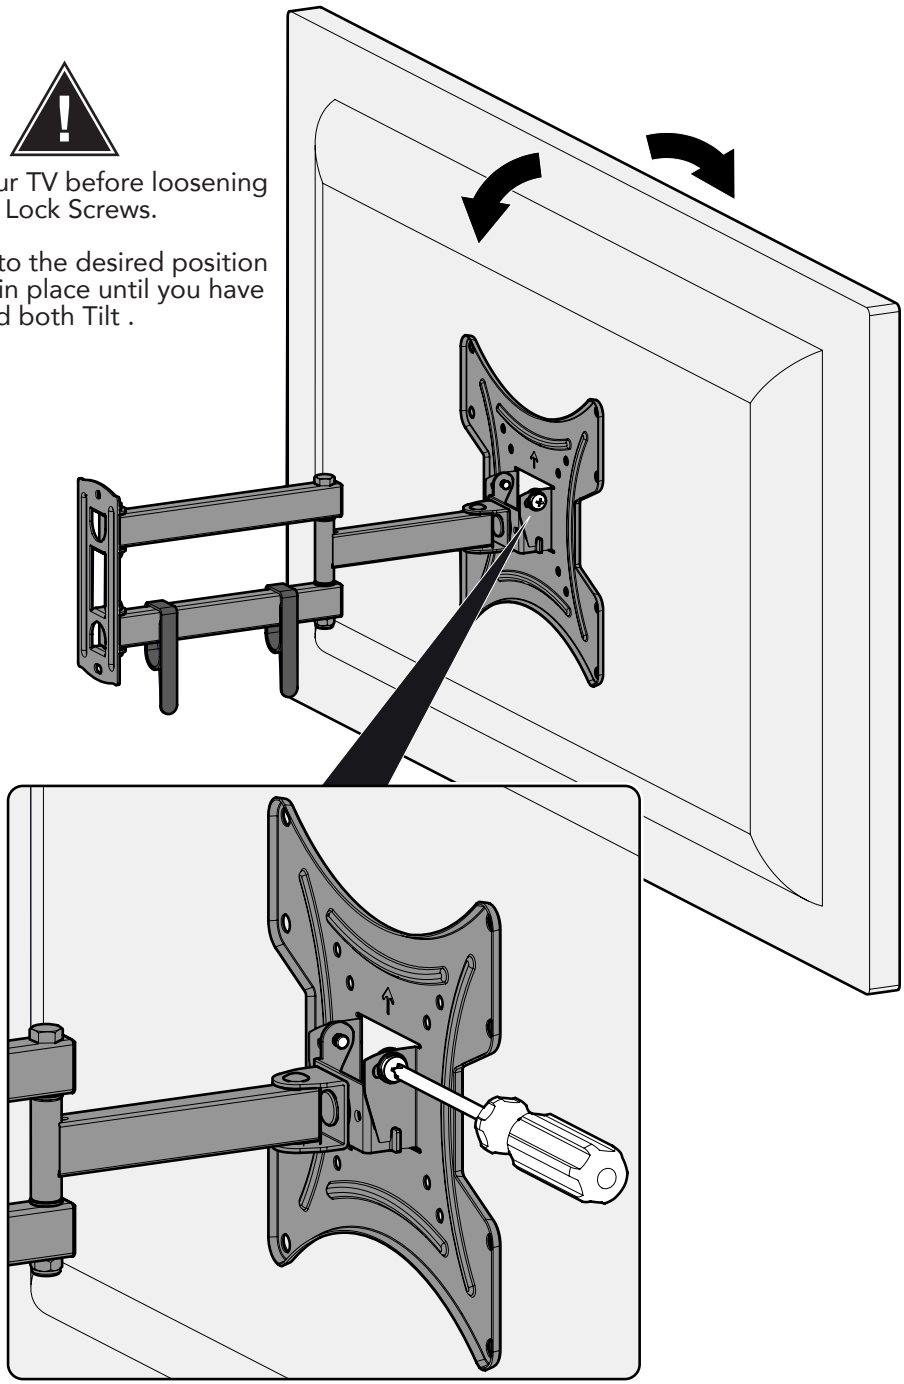

5 Cable Management

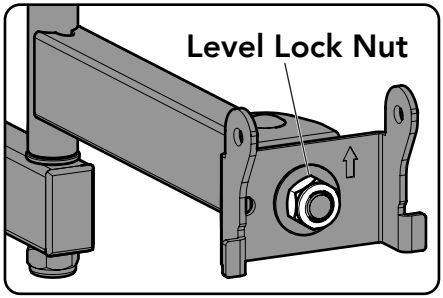

Adjust or Lock Tilt (optional)

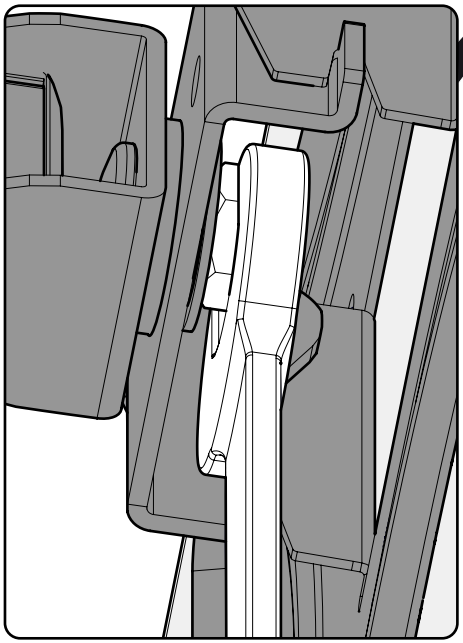

Support your TV before loosening the two Tilt Lock Screws.

Tilt you TV to the desired position and hold it in place until you have re-tigthened both Tilt .

TV Levelling (optional)

Make sure the TV is well supported. Slightly loosen the Level Lock Nut, adjust the TV until it is level and then re-tighten the Level Lock Nut.

DO NOT remove the Level Lock Nut.

10 YEAR WARRANTY

AVF warrants that the product is free from defects in material and workmanship, as long as the product is owned by the original consumer purchaser. If, during the stated warranty of this product, it proves to be defective, AVF will remedy the defect by either repairing or replacing the defective part or, replacing the entire product. Proof of original purchase is required and should be retained.

AVF reserve the right to substitute replacement products to others of similar value and design (Usually in the event of discontinued product models).

AVF accept no responsibility for failures / loss which result from misuse, negligence, accident, improper assembly or installation or other causes beyond AVF's reasonable control and also excludes and will not pay any incidental and consequential damages.

PLEASE REVIEW ALL NOTES AND PRODUCT INSTRUCTIONS BEFORE COMMENCING THE INSTALLATION.

INSTALLATION: This product is sold as a home DIY product and as such, it is the responsibility of the installer to ensure that the product is correctly installed. AVF accept no responsibility if the product is incorrectly installed.

This product is intended for indoor use only. Use of this product outdoors could lead to failure and personal injury.

IF YOU ARE IN ANY DOUBT, CONSULT A QUALIFIED CONTRACTOR.

NOTES

WALLS: It is the responsibility of the installer to ensure that the wall is of a suitable standard and void of any services (eg gas, electricity, water etc). AVF accept no responsibility for any damage or loss caused by installing this product in a sub standard wall.

WALL FIXINGS: Wall fixings are supplied for wood, brick, solid masonry and also, for some specific products, fixings are supplied for fixing to plasterboard.

DO
- Retain all packaging in case the bracket needs to be returned.
- When fastening to wood studs, be sure to pre-drill holes into the wood stud.
- When fastening to brick or solid masonry, drill the holes in accordance with the instructions. Always remove drill dust from the hole before inserting the wall plug.
- Wall plug body must be fully inserted into the wall (ie fully into the brick).
- Lubricate the wall screws with soap to ease installation.
- Check the strength of the installation before fitting the TV.
- Periodically check strength of installation, signs of corrosion, damage or loose components.

DON'T
- Do not set in mortar joints.
- Do not over tighten screws.

TV HANGING
Must be carried out using the manufacturers threaded holes intended for this purpose. All variables of TV hanging screws are supplied within the product box (Because of the universal nature of this product, expect to have excess parts left over following your installation).

It is the responsibility of the installer to ensure the correct TV hanging screws are selected. If in doubt consult the TV manufacturer. AVF accept no responsibility for any damage caused by the use of the incorrect TV hanging screw or the use of incorrect fixing holes.
